I understand that only resident students with residence hall permits are allowed to park in the lot specified, with the exception of reserved spots. All other students with permits may park in the Villa Lot. Parking is prohibited in fire lanes, grass areas, in front of hydrants, along roadways, or reserved spots including handicap parking, unless authorized. All permits must be clearly displayed on rear view mirrors. If there is a situation in which I am unable to locate a parking spot, I may contact the Security Department at (718) 405-3434 and request a Security Supervisor to assist in locating a parking spot. Parking permits may not be transferred, loaned, or borrowed. Violations of parking regulations will result in the issuance of summonses, booting, or the vehicle being towed off campus at my expense.
